

Orange Lounge Radio Episode 790 - 8/25/2019

Written by skie

Sunday, 25 August 2019 20:30

In a show taped a little earlier this week, our hosts gather to talk about the latest in gaming news. We start off with a shoutout to DragonCon, where Rob is headed to starting this weekend. We also dive into some questions from our listeners on topics such as games that bent genres, and why we think gaming is fun in the first place. All this and much more on a special pre-vacation episode of Orange Lounge Radio!
